## SIGN-UP IN SOIL BANK OPEN AT NEW BROCKTON

The sign-up in Coffee County for the 1959 Conservation Reserve of the Soil Bank is now open at the county Agricultural Stabilization and Conservation Office in New Brockton.

Chairman Lester Gunter announced today. The sign-up will close October 1.

The first step in the sign-up is for the farmer who is interested in the program to come to the county office and request that annual rental rates be established for his farm.

At the same time, the farmer should bring with him information to be used by the County ASC Committee in establishing rates for his farm. The chief facts needed, Chairman Gunter said, are acreage and yields of the three principal crops on the farm for the past two years and acreages for other land on the farm.

The chairman pointed out that by taking advantage of the program, farmers could:

- (1) Reduce costs for equipment, seed, fertilizer, insecticides or other cash outlays necessary in farming operations;
- (2) Reduce the need for extra labor; and
- (3) Reduce the hazards of uncertain markets and prices for farm commodities.

When cropland is put in the Conservation Reserve, it is taken out of production and put to conservation uses, Mr. Gunter said. Cost-share payments are made to farmers to help with the establishment of the conservation practices and annual per-acre rental payments are made on the land for the duration of the contract. This is assured income from the land for the life of the contract regardless of weather, crop diseases, insect pests, variations in market prices or other farming hazards.

## SALES IMPROVE AT DORSEY'S; ORDERS ARE UP

"The sales picture at the present time is obviously very favorable," says H. H. Flick, Vice President in charge of Sales, Dorsey Trailers, in the current issue of Dorsey News.

"This should not be considered a mere flash in the pan as orders should continue to come in at approximately the present rate for the rest of the year."

This increased business has a very sound basis both in the economic situation which improved as predicted during the second half of the calendar year and in its record with our current sales program.

The promotion of our new Aluminum Van models was timed as nearly as possible to result in sales during the second half of the year as we were able to get into actual production and should result in a steady increase in sales of this item to fit into the increased production capacity created by the automatic riveting equipment.

The expansion of our distribution system has been planned along the same lines as sales volume should begin coming in from our newly created Western Distributors during the last quarter of 1958.

If we maintain quality production and can offer reasonable deliveries, sales should increase steadily in the foreseeable future.

### RECEIVES DEGREE

James Dalton Whitman, Jr., son of Mr. and Mrs. J. D. Whitman, received a master of arts degree last week from Tulane University Summer School. He will return to Tulane when the Fall semester opens to begin studies for his doctor's degree.

### MORE BURIAL PAY

The Government allowance toward veterans' burial expenses has been increased to \$250 from its former list of \$150, the Veterans Administration announced today.

## Education for Success—

The Little Red Schoolhouse taught little about how our economic system operates, and it didn't matter much. Business was the specialty of businessmen and if they understood it no one else needed to.

Today, when many decisions which affect the economy are made in politics, every voter needs some economic education so that he can determine what candidates make sense on the subjects of taxes, business regulation, labor, and related subjects.

Wrong guesses, based on prejudice or ignorance, can bring on hard times. They can weaken the economy in the cold war. And they can even put the thoughtless voter right out of a job. Will your child, sometime in his school years, learn what makes our economy tick?

Your child's future and your country's prosperity will depend upon what he knows.

## Piggly Wiggly At Geneva Is Robbed

The Piggly Wiggly store at Geneva was robbed of more than \$4,500 by a burglar or burglars, who cut a hole about 18 inches square in the 4-inch thick composite roof and climbed inside in what State Investigator Joe Tom Masters of Dothan called "a well planned professional job" over the weekend.

The robbery was discovered when the store was opened Monday. The safe had been pushed into the vegetable cooler and the lock beaten off. A large quantity of trading stamps were included in the haul.

## Soil Conservation

An abundance of native vegetation is noticed in all parts of Coffee County this year. Some of this growth is on soil bank land or otherwise uncultivated land. Plenty of rain this summer has caused an unusually heavy and dense growth of vegetation.

Every advantage should be taken to get this growth back into the soil as organic matter. Bush hogging or discing early will help get the litter on the ground where it can decay during the winter rains, and be in good tilable condition for another year.

We are happy to note that most farmers do not burn their land off each year. By firing all is lost, and nothing is gained.

## FIRE DESTROYS HOME

The home of J. D. Walker, on Taylor Mill Road, was completely destroyed by fire on the night of August 20. Origin is undetermined. The family had been away from home for several days. The flames started near the kitchen. The Elba Fire Department was called, but the house was already wrapped in flames when they arrived. Loss is estimated at 1,000 dollars.

## GREAT BOOKS TO MEET

The Elba Great Books Discussion Group will begin its second year Friday at 7:30 p.m. at the Public Library with a discussion of the Old Testament book Ecclesiastes.

## SCHOLARSHIP AT UNIVERSITY IS AWARDED KING

James O. King, the son of Mr. and Mrs. R. A. King, of Elba, has been awarded a teaching fellowship at the University of Alabama for the academic year '58 and '59, beginning Sept. 17.

A 1957 graduate of the University with his B. S. degree in Political Science, King will teach from three to six hours in the department of political science, while working toward his M. A. degree.

He was one of 30 outstanding second or third year graduate students selected for the teaching fellowships. He has attended George Peperdine College, Los Angeles, Calif., and Perkinson Junior College, Perkinson, Miss., where he graduated with honors.

He holds membership in Phi Theta Kappa, Kappa Delta Pi, education honorary and Pi Sigma Alpha, political science honorary. He held a Southern Regional Training Program Leadership from June to September of 1957 at the Oak Ridge Institute for Nuclear Studies.

He is married to the former Beatrice Ellis of Ocean Springs, Miss. They have two children, James Edward, 3, and Jane Ellen, 7 months.

## Jehovah's Witnesses To Attend Meeting

Eighteen members of Jehovah's Witnesses will leave this week for Mobile to attend a 3-day circuit assembly, according to Ramie Wise, presiding minister of the New Brockton congregation. The convention, sponsored by the Watch Tower Bible Tract Society of New York will be held in the National Guard Armory on Sage Avenue, Sept. 5-7. At least a thousand are expected to attend.

J. W. Wilson, District Supervisor and for 27 years a special representative for the Watch Tower Society of Brooklyn, N. Y., will deliver the keynote address, "Expanding Our Ministry" at 7 p.m. on the opening day.

J. E. Crowley, Circuit Supervisor, will handle a model Service Meeting, expanding the theme of "Giving Jehovah Exclusive Devotion."

The highlight of the convention will be the public lecture Sunday at 3 p.m., J. W. Wilson, on "The Watch Tower Society in God's Purpose."

## Rev. Davis To Open Kinston Ceremonies

Kinston Public Schools will open Thursday morning, Sept. 4, with formal opening exercises beginning at 8 in the high school auditorium.

The Rev. Ruben Davis, pastor of the Fairview Baptist Church will conduct the devotional and the general plans for the year's work will be outlined by the Principal, E. C. Nevin. The public is invited to attend. Classes will begin Monday, Sept. 8, at 7:40 and the school lunch room will begin operating the same day.

## TROY OPENS MONDAY

Troy State College will open for its fall quarters Monday with registration at 8 a.m. Two days will be required to complete registration. Freshmen will register on Monday from 8 to 11:45 and from 1:30 to 3 in the student center. Above 500 freshmen are expected. The first year students will be assigned to 15 sections and each section will be given a schedule of the quarter.

## HEAVY ENROLLMENT

Indications are that enrollment of Alabama sons and daughters of deceased war veterans under the two-year-old War Orphans Education program will be heavy this fall, the Veterans Administration stated today.

## Grand Jury Asks Building Repairs

### EXPECT ZOGHBY TO BE MOBILE DOCKS HEAD

It is being said among sources extremely close to governor-nominate John Patterson, that Joe Zoghby, Jr., young Mobile department store head, will be appointed the next director of the Alabama State Docks. Zoghby has been prominent in charitable and civic affairs for a number of years, and is a life-long resident of Mobile.

An aggressive, 35 year old businessman, Zoghby has been a leader in the development and financing of the residential property on Dauphin Island, and a very close friend of John Patterson. Recently, during the County Commissioners' annual convention in Mobile, Patterson, with a number of his friends, dined at the Joe Zoghby, Jr. home, and the guests last sounded like a roll call of the forthcoming Patterson administration.

Zoghby was an all-out supporter of Patterson in the gubernatorial campaign, and the astonishing fact about their relationship is that never before had Zoghby, or any of his family, entered politics in any way. Zoghby is married to the former Dorothy Rockwell, a native of Bibb County, who represented Mobile County in the State of Cotton Contest in 1934. He possesses wide business experience, is a most capable individual and from all indications has the absolute respect of the Patterson people with whom he worked during the campaign.

Members of the Grand Jury were: L. Boyd Murphree, merchant, Elba, foreman; Hubert M. Prestwood, cafe, Tenille, Rt. 1; Henry Clark, farmer, Elba Rt. 2; Charles A. Goodson, farmer, New Brockton Rt. 2; Welcome E. Farris, farmer, Elba Rt. 3; Z. Hudson, farmer, Elba Rt. 5; Leroy J. Grimes, farmer, Elba Rt. 2; S. Brown, Parker, barber, Elba, Rt. 3; Jesse L. Varnadore, stock clerk, Elba; Wilton Edwards, farmer, Kinston; Lewis Wilkes, Jr., farmer, Kinston; Charlie Parrish, cafe operator, Elba; Randolph Wilson, farmer, Jack Rt. 1; Fred W. Parker, carpenter, Elba Rt. 2; Leon H. Hardy, mechanic, Elba; Dewey Mickie, farmer, Elba Rt. 1; Collier Parrish, electrician, Elba.

## OBITUARIES

### MRS. T. H. SAWYER

Funeral services were held Wednesday from the Zoar Baptist church with the Rev. M. Thornton directing.

## SCHOOL BEGINS TODAY; CLASSES START MONDAY

The third of pickin' against the toe of a boot, the cries of cheerleaders at drills, a flurry of last-minute shopping—all these this week heralded the beginning of school for approximately 3,300 students in Coffee county at registration today.

Enrollments will be held for about 1,500 students in Elba today at 8 a.m. while enrollments will be at 8 a.m. in most rural schools in preparation for beginning of classes Monday.

Teachers from the rural schools will attend a school workshop Friday, Sept. 5, and the Coffee County Teachers' Institute Saturday, Sept. 6, at New Brockton High.

City of Elba teachers will attend an in-service training program and institute which begins Wednesday and will be resumed Friday. The Elba Kindergarten will begin Monday at 10 a.m. at the home of Mrs. Eileen Rainer.

## LIBRARY BOARD MEMBERS FROM COUNTY CHOSEN

George G. Johnson, regional administrator for the newly created Cross Trails Regional Library Service for Coffee County, Crenshaw and Geneva Counties, has announced that board members for the new region have been appointed.

Serving from Coffee County will be Mrs. Robert Wise, Kinston, Miss Eunora Farris, Elba, Mrs. J. L. Warren, Jr., Enterprise and Dallas Wise, Elba.

The first meeting of the new library board will be held at the regional headquarters in Opp, Friday, Sept. 5, at 3 p.m. At that time officers for the board will be elected and by-laws for the region set up.

County board chairmen reporting appointees from their respective counties were: Judge J. O. English, Coffee; Judge Frank B. Lloyd, Crenshaw; W. H. Brown, Covington; and Judge R. S. Ward, Geneva.

Mrs. Elaine Vaughan Martin of Elba is secretary of the new region.

## Legion Is Host To 9th Area Conference

Elba Post, No. 42, American Legion, was host to the Ninth Area Legion Conference at the regular meeting last week with State Commander Robert H. Wilder of Daleville as guest speaker, stressing the importance of all veterans belonging to the Legion in order to accomplish a unified program.

Lawson Lynn of Montgomery state adjutant, received reports from post commanders of the district showing that Samson Post was ahead in membership with 180 members enrolled.

The regular monthly meeting of Culver Post and Auxiliary will be held this evening at the Legion Hut. It is announced by Commander James Boswell and Mrs. Edlow Bryan, president of the Auxiliary, "chow line" will form at 7:30 p.m.

## ASC ELECTION IS UNDER WAY IN THIS COUNTY

Ballots to determine community committee members and delegates to the county convention of the Agricultural Stabilization and Conservation Committee of Coffee County to be held Sept. 24, at the ASC office in New Brockton must be returned not later than Sept. 8.

The sign-up period for the 1959 Conservation Reserve of the Soil Bank is expected to begin about Sept. 1 and close Oct. 1. Major changes include: an increase in the national average annual payment to \$13.50 an acre from the previous national average rate of \$10; additional incentives; a priority system to give preference to farmers who had all their cropland in the soil bank in 1958.

Alabama's basic rate for the 1959 Soil Bank has been set at \$12.00 per acre, according to Lester Gunter, chairman. The previous basic annual rate was \$8.00 per acre. Individual rates within a county will vary according to land productivity, rental value, etc.

In order to check compliance with the soil bank contract,

continuing visits will be made to farms where farmers have put land in the soil bank. Mr. Gunter said to determine whether farmers are cropping or grazing any of the land and other phases of the contracts complied with.

## THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

The Quadrangle at the University of Pennsylvania... here live hundreds of freshmen from towns and cities all over America. For many it is their first great venture into the world of responsibility and temptation. It is a crucial year... and they live it in a community all their own, surrounded by the teeming millions of a great city!

An important part of their life is the Christian Association, augmenting the programs of the campus churches. There are wholesome social activities, challenging discussion groups, services of worship, opportunities for community service.

Here, as on almost every college campus, the Church is on the job. Its specially-trained leaders are guiding our sons and daughters in their adjustment to college life and the complicated world of opportunity and danger.

Are you helping the Church in its far-reaching ministry? Are you providing the religious home life and church-centered spiritual training that a boy and girl need BEFORE THEY GO OUT INTO THE WORLD?

## Through the Keyhole

BY MRS. ROBERT CANNON

Mr. and Mrs. A. C. Brunson

MEETING AND GETTING TO KNOW A. C. Brunson's bride, Betty Johnson, was one of the nicest experiences of last week. We found her very attractive, but was

her pleasant expression and gentle manner that we particularly liked. A. C. Brunson, Jr., and Betty were married at the New Hope Baptist Church on August 12.

at 6 in the evening. The ceremony was performed by Betty's father, the Rev. Lee Johnson.

The Altar of the church was banked in magnolia leaves which formed a cool background for the white wrought-iron arch interwoven with white carnations and fern. Two large callidiums were placed at each side of the arch while baskets of gladioli softened the whole arrangement.

The bride entered the sanctuary to music provided by Miss Yvonne Parrish, vocalist, and Mrs. Norman Johns, cousin of the groom, who was pianist. She was escorted to the altar by Mr. A. C. Brunson Sr.

The bride's dress was of blue lace over taffeta cut with scooped neckline, cap sleeves and a wide taffeta cummerbund. She wore a crescent of blue flowers in her hair which was attached a short veil. She carried a white orchid in her right hand.

Betty's sister, Shirley, was her maid of honor. She wore a dress of pink taffeta styled much like the bride's. Her shoes were also pink and she wore a corsage of white carnations.

Serving his brother as best man was Winston Brunson.

For her daughter's wedding, Mrs. Lee Johnson chose a dress of blue taffeta and wore a wide taffeta cummerbund. She wore a crescent of blue flowers in her hair which was attached a short veil. She carried a white orchid in her right hand.

The wedding party formed a receiving line in the church vestibule to greet the family and immediate friends, who attended.

After the ceremony, Mr. and Mrs. A. C. Brunson, Jr. left for a wedding trip to Florida. They are now making their home on Brunson Hill, while A. C. continues his education at Troy State.

FESTIVITIES last week centered around the Dickert-Kimney wedding and everyone was interested in the goings-on.

On Tuesday, August 12, the men of the wedding were entertained at a Groomsmen's Luncheon given by Sara English, Mrs. J. O. English and Georgia Mathis at Georgia's lovely home. Official hosts were Harold English, Mr. P. G. Mathis and Judge English, and we hear that they did an excellent job of seeing that everyone felt right "at home."

Roses were used in banqueting arrangements throughout the entrance hall and living room. In the dining room a color scheme of white and silver complimented the antique furniture that graces that home.

The buffet table was set with a linen cutwork cloth, silver branched candelabra holding white candles, and large silver trays and bowls a colorful

laid arrangement of white gladioli and carnations highlighted the decorations.

The gentlemen were seated at two tables, each covered with a linen cloth and bearing centerpieces of white flowers to match those on the buffet table.

Attending were: Andy Kimney, Dr. John Kimney, Rev. Murray Say, Jim Patrenos, Paul Morrow, Carlton Whitman and Malcolm English.

AFTER THE REHEARSAL, John and Ida entertained at a late supper at Grimes Restaurant in Troy. The private dining room was theirs and the party was a very pleasant one. Sitting at the head of the tables, which were arranged in a T shape, were the bride and groom and the bride's family. The tables were decorated with pink and white carnations and looked especially pretty.

After dinner, Andy and Dixie cut the tiered wedding cake amidst the flare of flash bulbs. Dixie wore a traditional cotton in black and white checks, cut with straight lines in the front and controlled fullness at the back.

Invited guests included the family, those in the wedding, and the following: Mace and Rachel Cook of Enterprise, Miss Nancy Taft of New York, bride-elect of Carlton Whitman, and Mrs. Jim Patrenos.

**HOW TO BUILD YOUR  
HOUSE OF SAVINGS**

**THREE LITTLE PIGS**  
KEEP THE WOLF AWAY  
FROM YOUR DOOR WITH  
U.S. SAVINGS BONDS...  
...3 1/2% INTEREST!

(with apologies to the 3 little pigs) Best of all, Savings Bonds now pay you higher interest — faster! Every Series E Bond purchased since February 1, 1957, pays you a safe and sure 3 1/2% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only 8 years and 11 months.

Remember, the way to keep the big bad wolf from your door is to build your house of savings with bricks — the safe and sure kind — the U. S. Savings Bond kind. Start buying them regularly today — either on the Payroll Savings Plan where you work or where you bank.

Bonds are solid as a rock — guaranteed by your Government. They're loss-proof, fire-proof, theft-proof — the Treasury will replace them without charge in case of mishap. And the principal invested in Bonds is safe — not subject to market fluctuations.

## BRIGHT FUTURE IN RIVER AREA IS PREDICTED

Enthusiasm for the future of the Choctawhatchee-Pea River basin was expressed by prominent speakers to a crowd of people gathered Thursday evening, last week, in a grove where those two rivers join at Geneva.

A development along these two rivers like that which marked the Tennessee River in Northern Alabama was envisioned by Senator John J. Sparkman, whose home is in Huntsville.

J. Clyde Lewis, president of the Choctawhatchee-Pea River Improvement Association, presided, and the meeting opened with a welcome address by Mayor Pridgen of Geneva.

The fact that \$35,000 has been appropriated by Congress for a re-survey of the two rivers emphasizes the confidence that Congress has in the future of this area and shows what can be done by concerted effort, it was emphasized.

The gathering was addressed by Senator Sparkman, who was introduced by Mac Bolland, Mayor of Pinckard; Congressman George Andrews, introduced by Mayor M. N. Brown of Huntsville today. This writer lived there when Sparkman came to Huntsville to open a law office and could all the better understand his enthusiasm over the progress a river development can create.

But the U. S. government will not originate the development. It must come from untitled efforts by the people in the area involved. Hardly a year ago the Choctawhatchee-Pea River Improvement Association was formed. Already Congress has appropriated \$35,000 for a re-survey because a delegation went before the proper committee and showed the interest which has been created. That's a sample of what can be done.

Nothing new under way bears greater prospects for the future. Every business in Elba should be a member of the Association.

Anyone who attended the meeting last week, at the point where the Choctawhatchee and Pea Rivers join at Geneva, could not be impressed by the prospects for a bigger and greater Elba along with other towns and cities on those two rivers.

A development of this kind is not a sudden one, but nonetheless equally dramatic. Senator John Sparkman was there. His home is in Huntsville, which a quarter-century ago was a town which could hardly be recognized in comparison with Huntsville today. This writer lived there when Sparkman came to Huntsville to open a law office and could all the better understand his enthusiasm over the progress a river development can create.

## Two Men Kill Rattler Family

To Wilson Windham and Albert McDaniel (above) of Elba, who were the largest rattlesnake catchers in a hole nearby. Abandoning the hunt for the rattlesnake, they killed the large rattler and then the babies.

The large rattler was four and a half feet in length and had nine rattles and a button. The doe, a red foxhound, has not been found.
